Using InDesign for Brag Tags

Using PowerPoint for Brag Tags

STOP spending HOURS customizing brag tags!

With InDesign you can make 25 brag tags with a click of a button! The template is already made for you! It comes with a video tutorial on how to relink pictures so that your template prefills automatically!

If you don't have InDesign...**no worries!** There are two PowerPoint templates included (small – 25ct. and large – 20ct.) that have a pre-hole punched marker. These templates simply allow you to customize your brag tags how you'd like – giving you the correct sizing.

Small and large brag tag templates.
