# WRITING PROMPTS

8 Prompts a month are included

Every page is 100% customizable. There are 8 writing prompts for each month that coordinate with the clipart on the page BUT you can change the prompt if you'd like. I've also provided a generic template page so that you can add your very own prompt. I like to add prompts that coordinate with field trips, special events, unit

studies, or concepts being taught in the classroom. There are also two types of templates included. Writing pages that have primary lines and the other pages include regular writing lines.
