

# EARTH DAY

Build it with shapes and solve

# EARTH DAY

Build it with shapes and solve

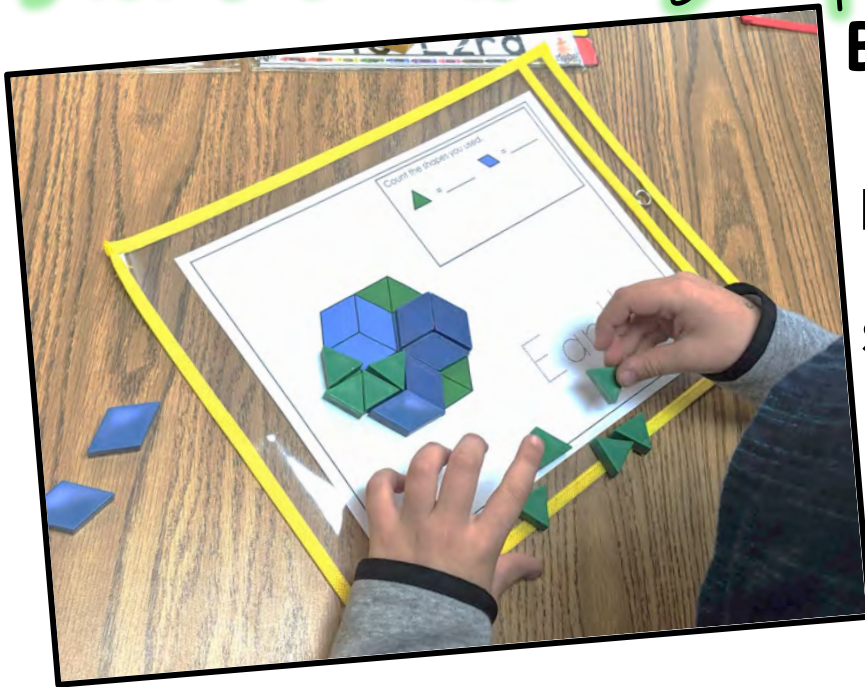

# EARTH DAY

Build it with shapes and solve

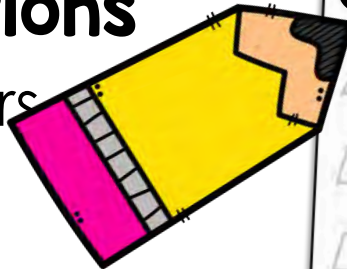

## Build It With Shapes

Build the picture with pattern blocks. Trace the word. Count the shapes and write the number in the blank.

## Solve The Equations

Plug in the numbers to the equations and solve.

**Earth**

Directions: Build the Earth. Fill in the numbers in the equations and solve.

$3 + 2 = 5$      $\triangle + \triangle = \underline{\quad}$

$\triangle + \triangle = \underline{\quad}$      $\square + \triangle = \underline{\quad}$

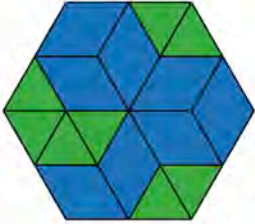

$\square + \square = \underline{\quad}$      $\triangle + \triangle = \underline{\quad}$

$\square + \square = \underline{\quad}$      $\square + \triangle = \underline{\quad}$

$\square - \triangle = \underline{\quad}$      $\triangle - \square = \underline{\quad}$

# EARTH DAY

Build it with shapes and solve

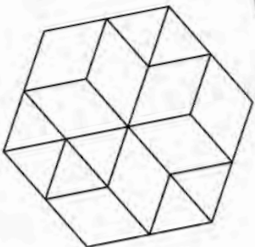

Count the shapes you used.

▲ = \_\_\_\_ ◼ = \_\_\_\_

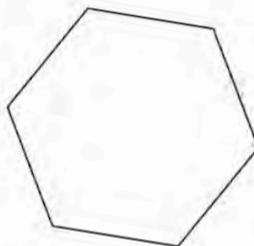

Earth

## 3 Levels

Differentiate for your students with 3 different puzzle levels.

Earth

Count the shapes you used.

▲ = \_\_\_\_ ◼ = \_\_\_\_
